

Senior E-Learning Designer/Developer (Remote)

Location: Remote. Preference is given to candidates located in the U.S. Eastern and Central time zones.

Do you love to push the boundaries of Articulate Storyline 360, to create unique, modern, and engaging designs?

Are you looking for an opportunity to work with an incredibly talented team who will challenge and inspire you (and who you can inspire as well)?

Do you wish you could focus on creating amazing e-learning, without the distraction of managing the logistics of each project?

Do you thrive in a fast-paced environment?

Are you a quick learner, eager to absorb, adapt, and continuously evolve your e-learning designs and skills?

Would you be highly engaged and productive working as part of an entirely remote team?

If so, this may be the role for you.

About SkillBurst Interactive

Creator of the SkillBurst®, SkillBurst Interactive is an award-winning small business whose primary focus is the creative design, development, and implementation of interactive, engaging self-paced e-learning experiences for some of the biggest and most respected names in the global legal, financial, and retail industries as well as the public sector. From our award-winning off-the-shelf customizable SkillBurst® modules to our truly custom e-learning solutions, we enable our clients to deliver on-demand excellence across their organizations – and to their clients – around the globe. We deliver e-learning that our clients are truly proud to call their own – with a level of client service that our clients rave about. Learn more about us at www.SkillBurst.com

Our team is comprised of creative, entrepreneurial self-starters, all of whom work remotely. We are highly creative and productive without the distractions of a commute or office environment. This is a small, rapidly growing company so everyone has the opportunity to make a significant impact as well as to grow their skills to advance within the company.

We are currently looking for a **Senior E-Learning Developer** to join our team. In this role, you'll use your creativity along with a variety of cutting-edge software and tools to create graphic-rich, visually engaging self-paced online courses. Visit www.skillburst.com to see samples of our work.

Signs that you are the right fit:

- You are an experienced e-learning developer, with a well-trained eye for design and the technical background to create something from nothing.
- You've created many engaging and interactive e-learning modules using Articulate Storyline 360.
- You enjoy the challenge of conveying complex ideas through visuals.
- You have advanced graphic design skills and experience creating graphics in Photoshop or similar.
- You have a user-centric design approach and can put yourself in the shoes of the audience.
- You have a growth mindset and are eager to apply and advance your skills.
- You are extremely detail oriented, organized, and efficient.
- You take pride in your work.
- You like fast-moving environments.
- You are self-motivated and a self-starter that can receive an assignment and run with it.
- You take your work seriously, and yourself not so seriously.
- You have the discipline to work remotely (and appreciate the benefits of doing so!)

Position responsibilities:

The Senior E-Learning Developer will perform a wide variety of e-learning development tasks, including, but not limited to—

- partnering with client solutions and content teams to design and develop cutting edge, visually engaging and interactive e-learning modules for professional adult learners
- depicting complex legal, financial, and/or business-related topics and creating supporting graphics and visuals that are impactful, professional, and appropriate for the subject matter
- creating and editing graphics in Photoshop or similar programs
- collaborating with the project management and e-learning development team to meet (and exceed) client expectations
- meeting development timelines based on internal standards and defined budgets

Required senior-level software experience and proficiency:

- Articulate Storyline (5+ years required)
- Adobe Illustrator
- Adobe Photoshop
- Camtasia/Adobe Premiere
- Audacity
- Microsoft PowerPoint

To be considered, please submit all the following items via <http://skillburst.com/careers.html>

- (1) Your resume
- (2) Link to work samples that showcase the required design and technical skillsets for this position*
- (3) Your brief thoughts on why you think you'd be a good fit for this type of role
